**WADUX**

ABOUT COMPANY

Wadux Trading and Contracting is a dynamic and fast-growing company established in 2024, headquartered in Qatar. We specialize in delivering integrated solutions across facility management, MEP (Mechanical, Electrical, and Plumbing) works, earthworks, civil works, interlock and kerbstone installation, fencing works, and road marking.

Our commitment to quality, safety, and timely delivery makes us a trusted partner in infrastructure, commercial, and industrial projects across the region. Wadux brings a blend of skilled workforce, advanced equipment, and a customer-first philosophy to every project we undertake.

Our Vision

To be a leading provider of integrated contracting and facility services in Qatar, recognized for our quality, reliability, and innovation.

Our Mission

To consistently deliver exceptional services in construction and facilities management, ensuring customer satisfaction, safety, and sustainable growth.

The WADUX logo is displayed in a white, rounded rectangular box on the left side of the header image. The background of the header is a photograph of two business professionals in suits reviewing a document with colorful charts and graphs. A large red triangle on the right side of the header contains the text 'OUR PROCESS' and three white arrows pointing left.

WADUX

OUR PROCESS

1. Consultation & Requirement Analysis

We begin with an in-depth consultation to understand the client's objectives, technical requirements, and project constraints. This forms the basis for a tailored solution roadmap.

2. Planning & Proposal

Our engineering and project management teams develop detailed plans, timelines, and cost estimations. We submit a transparent proposal that outlines deliverables, scope, and execution milestones.

3. Mobilization & Resource Allocation

Once approved, we swiftly mobilize resources—including skilled manpower, equipment, and materials—ensuring all site operations begin on schedule.

4. Execution & Supervision

Our site engineers and supervisors ensure that all works are executed according to design specifications, regulatory compliance, and safety standards.

5. Quality Control & Testing

We implement rigorous quality assurance protocols, conduct field inspections, and perform testing to ensure the highest standards of workmanship.

6. Handover & Client Satisfaction

Upon completion, we conduct a formal handover with complete documentation and client walkthroughs. We gather feedback to ensure satisfaction and continuous improvement.

COMPANY VALUES

At Wadux Trading & Contracting, our core values define who we are and how we operate. We are driven by integrity, committed to quality, and guided by innovation. These principles empower us to deliver safe, sustainable, and reliable solutions that meet the evolving needs of Qatar's infrastructure landscape.

Core Principles

- **Integrity** – Honest, transparent, and ethical business practices.
- **Quality** – Uncompromising standards across every phase of work.
- **Safety** – Zero-tolerance for unsafe practices; people always come first.
- **Innovation** – Smart solutions using modern methods and technologies.
- **Accountability** – Full responsibility from planning to project delivery.
- **Sustainability** – Eco-conscious choices aligned with Qatar's green goals.

“At Wadux, we are committed to building smarter infrastructure and lasting partnerships through integrity, innovation, and excellence. Together, we aim to shape a sustainable future for Qatar's development.”

The WADUX logo is displayed in a white speech bubble on the left side of the header image. The background of the header features a hand pointing at a gear labeled 'SERVICE', with other gears labeled 'HELP' and 'SOLUTION' visible.

HELP

SERVICE

SOLUTION

WHAT WE DO

At Wadux Trading and Contracting, we offer a diversified range of high-quality, results-driven services. Whether it's a small-scale civil task or a major infrastructure project, our goal remains the same: delivering reliable solutions with precision, safety, and speed

MEP Works (Mechanical, Electrical & Plumbing)

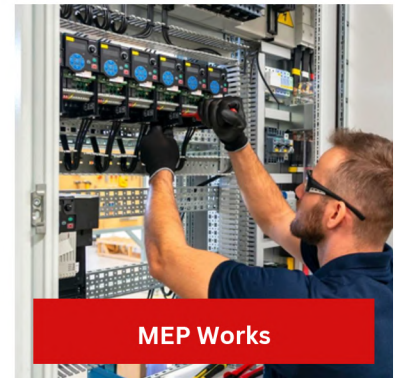

Wadux provides full-scope MEP solutions for buildings and infrastructure—from design and supply to installation and maintenance. Our team ensures compliance with Qatar Construction Specifications (QCS) and international standards.

Our MEP services cover:

- Electrical system design & installation
- Lighting, cabling & power distribution
- HVAC systems (chillers, split units, ductwork)
- Water supply & drainage systems
- Fire alarm & fire fighting systems

Value to Clients:

✓ Integrated systems that are energy-efficient, safe, and built to last.

Facility Management

We provide comprehensive facility management solutions that keep buildings operating efficiently, safely, and cost-effectively. Our team manages both soft and hard services for commercial, residential, and industrial properties.

Our capabilities include:

- Preventive and corrective maintenance
- HVAC system servicing and repair
- Electrical and plumbing maintenance
- Cleaning and janitorial services
- Fire safety system checks
- Building asset inspections

Value to Clients:

✓ Minimal downtime, improved operational efficiency, and extended asset life span.

Earthworks

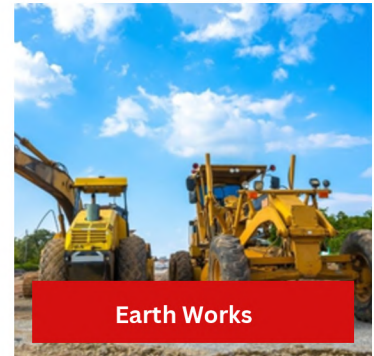

Our earthworks division handles the crucial groundwork phase that ensures safe and stable structures. With advanced equipment and experienced operators, we provide fast, accurate, and efficient site development services.

We perform:

- Site grading and leveling
- Excavation and backfilling
- Trenching for pipelines or cables
- Soil compaction and stabilization
- Foundation and subgrade preparation

Value to Clients:

✓ Cost-effective ground preparation with strict adherence to geotechnical and safety standards.

Earth Works

Road Marking

Our road marking services use top-grade materials and advanced machines to ensure precise, visible, and weather-resistant markings for all types of road surfaces.

Services include:

- Thermoplastic and cold paint applications
- Lane, pedestrian crossing, and parking area markings
- Directional arrows and warning signs
- Reflective markings for night visibility
- Repainting and removal of old markings

Value to Clients:

✓ Improved traffic flow and road safety, aligned with Ashghal and MOTC standards.

Road Marking

Fencing Works

Wadux supplies and installs high-quality fencing systems designed for security, boundary marking, and safety. We customize fencing solutions to suit each client's site conditions and security requirements.

We provide:

- Chain-link fencing (galvanized or coated)
- Welded mesh and barbed wire fences
- Security and perimeter fencing
- Temporary construction fencing
- Decorative fencing for villas and compounds

Value to Clients:

✓ Durable, low-maintenance fencing that ensures safety, privacy, and compliance.

FENCING

Interlock & Kerbstone Installation

We offer aesthetically pleasing and durable interlock paving and kerbstone works for a variety of applications, from pedestrian areas to heavy-load zones. Our team ensures perfect alignment, proper bedding, and drainage consideration.

Applications include:

- Parking lots and sidewalks
- Walkways, patios, and driveways
- Road medians and landscape borders
- Parks and recreational areas

Value to Clients:

✓ Long-lasting finishes that enhance curb appeal and functionality.

Masonry Works

We specialize in comprehensive masonry works as part of our civil construction services. Our skilled team of masons, supervisors, and engineers deliver high-quality, durable, and aesthetically pleasing structures using a variety of materials including brick, block, and stone.

Scope of Masonry Works

- Blockwork & Brickwork
 - Construction of internal and external walls
 - Load-bearing and non-load-bearing partitions
 - Cavity wall construction
- Stone Masonry
 - Decorative and structural stone cladding
 - Natural and artificial stone walls
 - Retaining walls and boundary walls
- Plastering & Rendering
 - Internal and external wall plastering
 - Cement rendering and textured finishes
- Paving & Tiling
 - Floor and wall tiling for residential and commercial buildings
- Chamber & Manhole Construction
 - Brick and block manholes for sewer, drainage, and utility access
- Fire-Rated & AAC Block Masonry
 - Lightweight AAC blocks for thermal insulation and fire resistance
 - Fire separation walls for industrial and commercial spaces

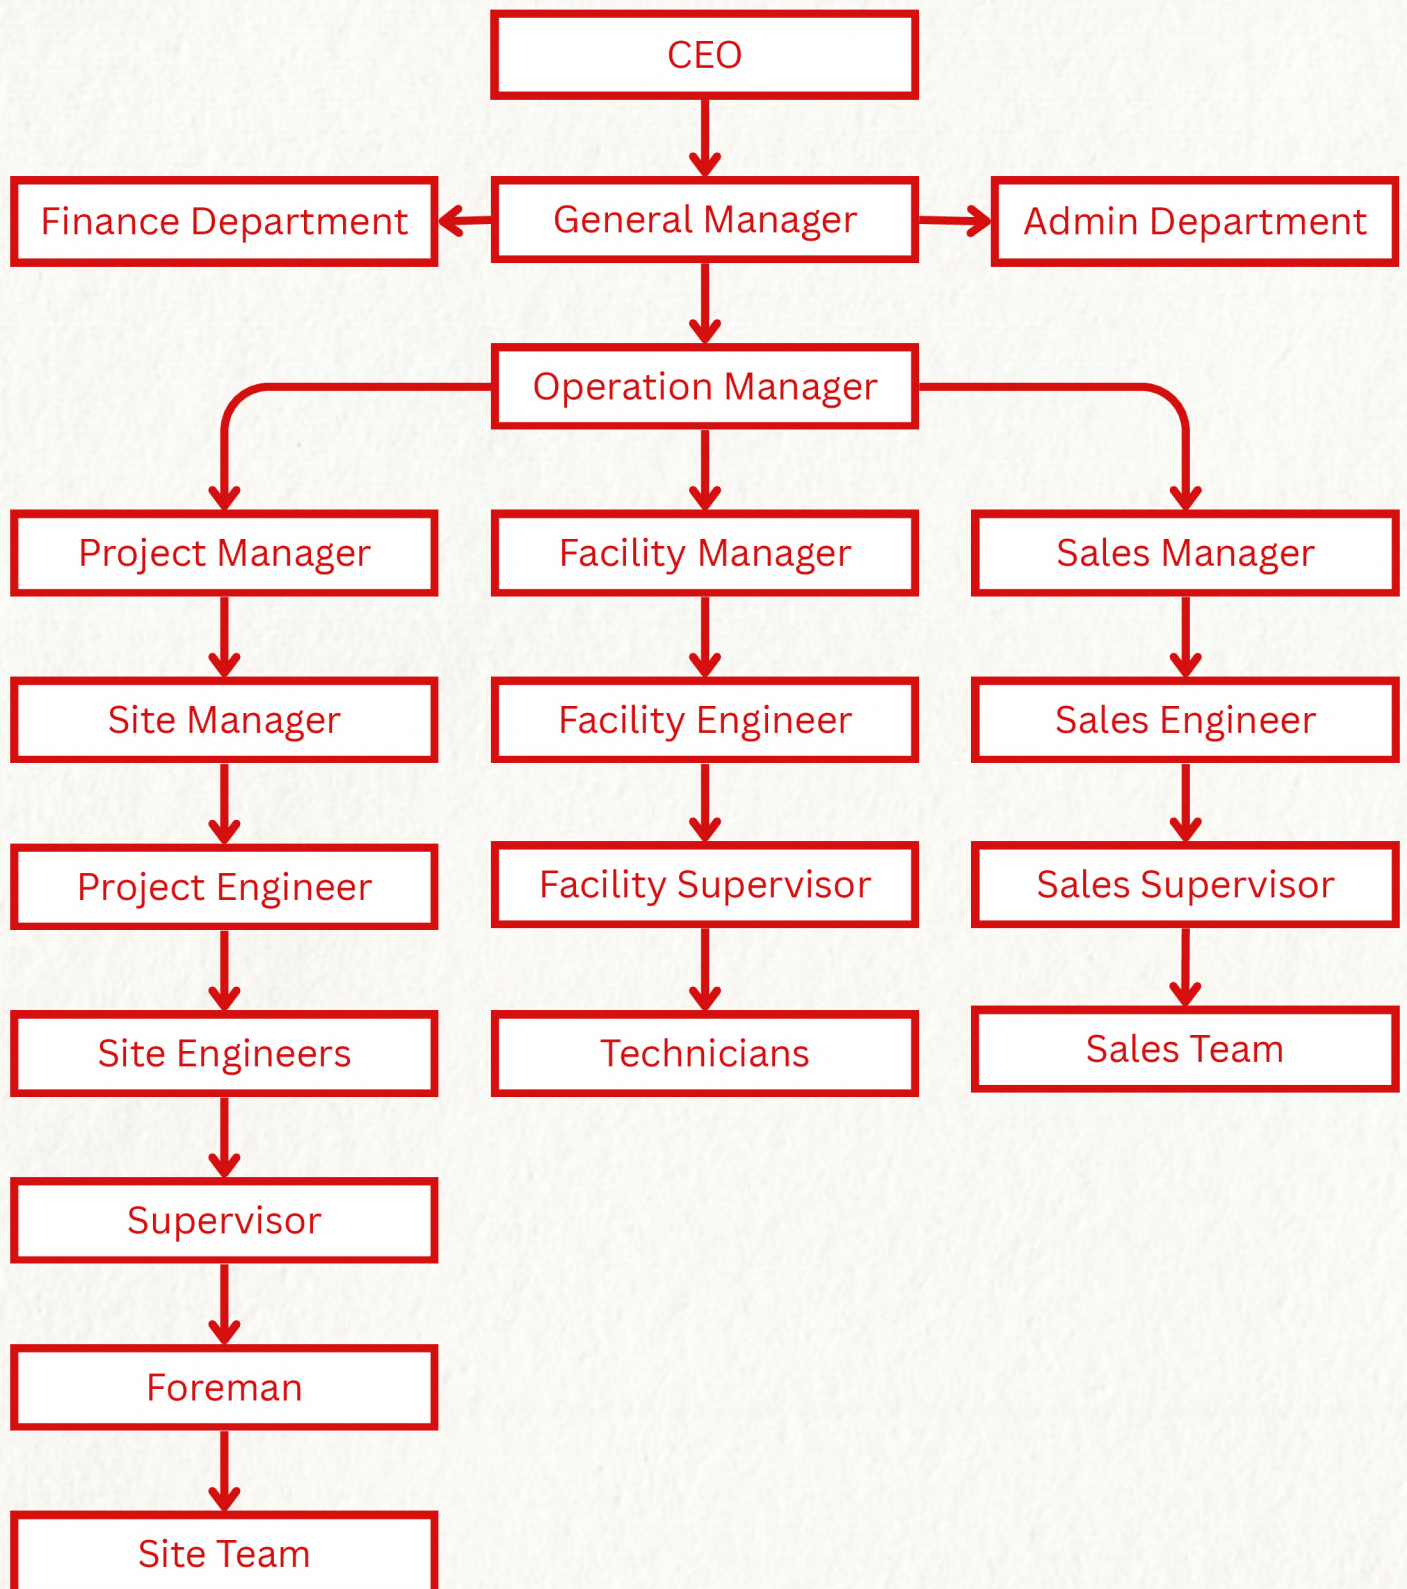

Materials Expertise

- Cement blocks (solid and hollow)
- Clay bricks
- Fly ash bricks
- Natural stone (granite, sandstone, etc.)
